The WKC ExCom has recently discussed and adopted an addition to the rules that concern kata teams, so please be informed on the following decision:

In the kata team category it is allowed to have 1 competitor from older or younger age group! For example in a Senior Kata Team (+18 yrs) you can register one Cadet (16-17yrs). This also applies to Cadet Teams (for example: Cadet Kata Team 16-17yrs you can register one Senior +18 yrs or one Cadet 14-15yrs). A competitor can compete in more than one team. Teams must be exclusively male or female.

Since the Registration system will not allow the mixing of ages, please notify Mr. Marcello Penna, our registration officer, by email, in case your federation wants to enter kata team with mixed ages!!!
