## From the President of the Organizing Committee "Belgrade 2022"

Dear friends,

I am very honored to be given once again a very responsible and demanding task, the organization of the most important WKC event in 2022 - 14th WKC World Championships for Cadets, Juniors and Seniors and World Cup for Children. The event will take place in Belgrade, Serbia on 11th – 12th June 2022. Our experienced

team will do our best to organize the Championships up to the highest standards. The competition will take place in the sport complex Šumice (pronunciation: Shumitse, meaning: woods) in the central city area. The most convenient fact is that nearby hotel "Serbia", only 200 meters from the sport hall, offers accommodation for 600 people and this makes a "perfect match" – a unique offer for various sport events. This is why both hotel and sport hall are highly appreciated and popular for domestic and international events and are usually booked even years in advance. On behalf of the Organizing Committee I wish to invite all members to come to Belgrade, a beautiful city at the crossroads of the East and West, easily reached from all parts of the world. June is usually a lovely month with great weather and I hope you will take an extra day for the sightseeing. I wish you all warm welcome!  
Aleksandar Makić

## ABOUT THE CITY...

Belgrade (Serbian: Београд, Beograd ) is the capital and the largest city of Serbia, and has a population of around 2 million. It is situated in South-Eastern Europe, on the Balkan Peninsula, at the confluence of the Sava and Danube rivers. It is one of the oldest cities in Europe and since the ancient times has been an important strategic point for traffic, an intersection of the roads of Eastern and Western Europe.

Belgrade is the capital of Serbian culture, education, science and economy. As a result of its long history, Belgrade has for centuries been home to many nationalities. The official language is Serbian, while visitors from abroad can use English to communicate.

Belgrade is the fourth largest city in South-eastern Europe, after Istanbul, Athens and Bucharest. Its name in Serbian translates to "White city".

It was first inhabited by the Thracio-Dacian tribe of Singi who would give the name to the city after a fortress was founded in 3rd century BC by the Celts who named it Singidunum. It was awarded city rights by the Romans before it was permanently settled by Slavic tribes named "White Serbs" from the 7th century onwards. As a strategic location, the city was battled over in 115 wars and razed to the ground 44 times since

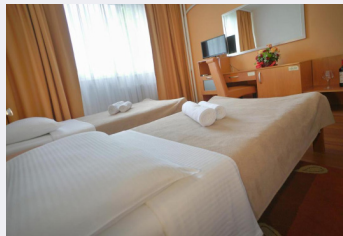

the ancient period by countless armies of the East and West. In medieval times, it was in the possession of Byzantine, Frankish, Bulgarian, Hungarian and Serbian rulers. In 1521 Belgrade was conquered by the Ottomans and became the principal city of Ottoman Europe and among the largest European cities.

Frequently passing from Ottoman to Austrian rule which saw destruction of most of the city, the status of Serbian capital would be regained only in 1841, after the Serbian revolution. Northern Belgrade, though, remained a Habsburg outpost until the breakup of Austria-Hungary in 1918. The united city then became the capital of several incarnations of Yugoslavia, up to 2006, when Serbia became an independent state again.
